MacLellan Bagpipes

http://www.highland-pipemaker.com/

Made to order highland bagpipes, made from Cocobolo, or African Blackwood. Also piping supplies, chanters and highland dress. Located in Lakewood, New Jersey, United States.

MacLellan Bagpipes, custom makers of the highest quality bagpipes & chanters. All of our bagpipes are hand crafted from the finest materials, using traditional skills learned in Scotland. Attention to detail & dedication to the highest standards of quality, guarantee a bagpipe that is more than just a musical instrument. We invite you to look at some of the most unique and distinctive bagpipes to be found anywhere. Our Mission At MacLellan bagpipes we don't strive to be the biggest, fastest or the cheapest. We do however, meticulously craft a small number of the best sounding and most beautiful looking bagpipes each month. New for 2007, The Antique Edition MacLellan bagpipes has followed this philosophy since it's beginning in 1988. Over the years we have gradually established a solid reputation for rich, warm & stable tone. Our research has enabled us to stay true to the sound created by late 19th century pipe-makers in Scotland. We have captured that warm broad mellow tone, producing an instrument that is stable and easy to tune at today's higher pitches. All the mounts and ferrules are threaded on. MacLellan bagpipes have been thoroughly tested by top level players throughout the world, including Roddy MacLeod & the late PM Angus MacDonald of the piping Centre in Glasgow. In the pipe band world our chanters are gaining wide popularity for their powerful & clear sound.
