We make two patterns of instrument. The 'Standard' sets are of an attractive design, with minimum decoration, developed to provide a robust and very playable instrument at a competitive price. Each drone on these sets plays a choice of two notes, selected by moving the sliding part in or out. In addition, there is a rotary valve (a 'tuning bead') to provide a further note on the bass 'G' drone. This level of flexiblity is sometimes refered to as 'complex drones'.
